

CYCLE PLANNING AND DESIGN COURSE

19 JULY 2023	HAMILTON	Hamilton City Council
20 JULY 2023	WELLINGTON	Cliftons

Waka Kotahi (NZ Transport Agency) and ViaStrada are offering one-day industry training courses around New Zealand focussing on planning and design for cycling.

The course will benefit anyone involved in planning, designing or overseeing cycling facility projects and cycling programmes, such as: project managers, road safety auditors, transport planners, transport engineers, advocates and elected members.

Participants will also hear about case studies from around New Zealand and take part in some interactive exercises.

INFORMATION AND REGISTRATION

To find out more or to register visit www.viastrada.nz/cycling-training or simply register click on the link below.

- » [Hamilton - 19 July 2023](#)
- » [Wellington - 20 July 2023](#)

Course material is based on the national Cycling Network Guidance (CNG) and recent cycling and micro-mobility research and practice.

Topics covered include:

- **Understanding our users** – target audience approach, cyclists' five main requirements
- **Planning for cycling** – assessing demand, route options, prioritisation, monitoring, engagement, funding processes
- **Designing between intersections** – separation vs integration, cycle lanes, separated cycleways, paths, making space
- **Intersection design** – continuity through intersections, cycle bypasses, minor junctions, cycle crossings, cycle detection, signalised intersections, roundabouts.

FEES

Early bird professional (non-volunteer)
\$500+GST
Early bird volunteer/advocate
\$150+GST*

Hamilton after 3rd July
Wellington after 3rd July
