

8th Canterbury Regional Active Transport (CAT) Forum

Environment Canterbury- Waiau Theatre

58 Kilmore Street, Christchurch

Tuesday, 2nd December 2008

Programme :

Lunch from 12pm – 1pm

1.00pm – 1.20pm

Welcome and Introduction - Confirmation of minutes

1.20pm – 1.50pm

MOTSAM update – This presentation will illustrate the process used for updating the cycling-related content of the Manual of Traffic Signs and Markings (MOTSAM) and highlight some of the changes. In a parallel process, ViaStrada also assisted in a revision of the NZ Supplement to Austroads Part 14 Bicycles, the NZ cycling design manual. *Speaker: Axel Wilke, ViaStrada & Stanley Chesterfield, NZTA*

1.50pm – 2.20pm

Pacific Northwest Sustainable Transport Tour – A presentation on some of the notable walking & cycling features observed on Glen's study tour of the Pacific Northwest of North America, as part of a visit to the 2008 ProWalkProBike Conference. *Speaker: Glen Koorey, University of Canterbury*

2.20pm – 2.50pm

Staged Pedestrian Crossings – This presentation introduces the concept of staged pedestrian crossings which can improve safety for pedestrians at multi-lane, signalised intersections due to increased flexibility in the operation of motor traffic and crossing movements. *Speaker: Megan Fowler, Traffic Engineer, ViaStrada*

2.50pm – 3.20pm

Greater Christchurch Travel Demand Management Strategy - A sneak preview of the Greater Christchurch Travel Demand Management Strategy before it goes out for consultation. — *Speakers: Roz Rickerby, Senior Policy Planner, CCC & Rose Dovey, Transport Planner, ECan*

3.20pm - 3.30pm – **Open Mike**
