

NZ Modelling User Group NZMUGS

Conference Auckland

15th - 16th October 2009

First Announcement and Call for Papers

The 2nd annual NZMUGS Conference will provide significant opportunity for customers, researchers, engineers, modellers and other practitioners in the transportation modelling fraternity to discuss current developments with macroscopic, static/deterministic, micro-simulation, wide-area/strategic modelling, passenger transport modelling as well as emerging areas such as pedestrian and accessibility modelling.

To cover what NZMUGS perceive as a growing area of traffic engineering and practice in New Zealand and Australia, we invite modelling papers to be presented at the conference in the following areas:

- **Where the rest of the world is heading**
- **How our customers view modelling**
- **Standards and targets**
- **New approaches to modelling**
- **Peer review guidelines**
- **Micro simulation standards**

If interested please submit an abstract of what you would like to discuss.

Please email all enquiries to Richard Sprosen at richard.sprosen@opus.co.nz with the subject line: '2009 NZMUGS Conference'. We also invite interest in sponsorship too, please contact Richard for further information.

Key dates: Please submit your expressions of interest to present at this conference by 3rd August 2009.

Registration forms will be available from 3rd August 2009 and will close on 15th September 2009. If you wish to pre-book please contact Richard Sprosen. If you are invited to present, your full presentation is required on PowerPoint by 3rd October 2009.
