

# NZ Modelling User Group **NZMUGS**

## Conference Wellington

30<sup>th</sup> - 31<sup>st</sup> OCTOBER 2008

### ○ First Announcement and Call for Papers

The inaugural NZMUGS Conference will provide significant opportunity for researchers, engineers, modellers and other practitioners in the transportation modelling fraternity to discuss current developments with macroscopic, static/ deterministic, micro-simulation, wide-area/ strategic modelling, passenger transport modelling as well as emerging areas such as pedestrian and accessibility modelling.

To cover what they perceive as a growing area of traffic engineering and practice in New Zealand and Australia, NZMUGS invite modelling papers to be presented at the conference. If interested please submit an abstract of what you would like to discuss.

Email all enquiries to [andrew.mein@baseplusworld.com](mailto:andrew.mein@baseplusworld.com) with the subject line: "2008 NZMUGS Conference".

We also invite interest in sponsorship to contact [andrew.mein@baseplusworld.com](mailto:andrew.mein@baseplusworld.com) for further information.

**Key dates:** Please submit your expressions of interest to present at this conference by 15th August 2008.

Registration forms will be available from 1st August 2008 and will close on 3rd October 2008. If you wish to pre-book please contact Andrew Mein. If you are invited to present, your full presentation is required on PowerPoint by 9th October 2008.
